Limited Lifetime Warranty

Fire King 25

Fireproof Insulation is 100% gypsum, reinforced by a 1" by 2" lattice made of 14-gauge galvanized welded steel wire, providing complete peace of mind from fire, impact, or explosion.

Field Replaceable Steel Panels—in the event that any panel is damaged, it can easily be replaced.

Finish is an environmentally friendly electrostatic powder coating applied to all sides, including bottom. The finish is scratch resistant, providing a lifetime quality appearance.

Drawer Bodies are built with high sides for use with hanging folders—no additional frames required.

Drawer suspensions are maintenance free and are guaranteed for life.

Drawer Locks on all files provide general locking of all drawers through either standard key locks or UL Listed high security locks.

Drawer Pulls are surface mounted to allow for extra insulation inside the drawer heads.

Insulation between all drawers makes each drawer a separate insulated container.

2-Position Drawer catch allows access to certain drawers while others remain locked.

Drawer Heads are formed of welded steel and filled with fireproof gypsum insulation, and are filed replaceable.

Type	Dimensions	Color	Cat. No.	Wt.	Price (each)

Turtle Fire Files

For safeguarding your irreplaceable records and documents, no other 22" deep file gives you as much protection as the extra-tough turtle from FireKing. Both letter and legal-size documents can be filed in a turtle. The turtle offers UL one-hour fire protection with impact rating. Each one comes with a standard four-pin key lock and our exclusive lifetime warranty. The turtle is available in parchment color only. Price includes dock delivery. Inside delivery is available for an extra charge. Please call for extra freight charges. Freight class 70.
