

Smith System Adjustable Art Tables

The one-piece top model provides a standard adjustable incline area while the split-top model adds flat work area for maximum workspace. Tops are 7/8" thick with a high-pressure laminate surface and flat bumper edge with pencil stop. Adjustable table height (29"-39") accommodates stools. Adjustable top slope has a range of 0 to 45°, with an adjustable top stop. Frame is fully box welded of 1 3/8" x 2 1/2" 16 gauge steel tube with 1 1/4" square 12-gauge steel tube legs. Freight class 70.

Smith System CAD Desk

This CAD and Graphics Art Table features a 24" x 24" split-top work surface which consists of 7/8" thick high-pressure laminate bonded to a 45-lb. density particle board core with a backer sheet and 3mm flat edges around the perimeter. The unit is constructed with a continuous hinge along the front of the work surface, allowing up to 45 degrees of articulation of the work surface. The back channel has a 14-gauge plate welded inside the brace to support the 16-gauge curved easel. Legs adjust in 1" increments from 29" to 39", allowing for sitting or standing. Each leg has a 1" adjusting level glide for stability. Overall Dimensions: 24"D x 48"W x 29"-39"H. Weight: 72 lbs. Ships in two boxes. Freight Class 70. **Ships UPS**

Four Student Workbench

With a large work surface and plenty of storage space on the solid plywood lower shelf, this open style workbench enables students to work on many projects. Solid maple base, frame, and legs complement the 2 1/4" thick maple top. Workbench is also available with heavy-duty woodworking vises with front jaw that pivots 10° to allow the clamping of irregular shaped parts. For wider clamping requirements, the pivot jaw can be removed. The front jaw also moves up to 3/16", acting as a full length dog. Mounting instructions included. 64"W x 54"D x 32"H. Freight class 85. Ships in two car tons.

- Workbench, Wt. 295 lbs.
- With 4 Vises, Wt. 298 lbs.

- WLF030-1010** \$1,409.00
